16 to 20 Moored as before
T. W. Kelly, Lt(jg) USNR

20 to 23 Moored as before
T. W. Kelly, Lt(jg) USNR

Spent our time "Bilge Diving" - Crawling through every part of Hull - identifying all pipes - decks - water tight compartments - Blue Prints - Schooner, Fire Fighting - the NAVY never lost a ship through fire after the Fire Schedules were established, and all officers + crew had attended. An old ship was used for part of training. Everyone had to put out a 2 foot high fire in the Bilges with just a fire extinguisher, then 2 foot high fire in Engine Room - lit off - we extinguished it - had to rest gear of fire after the Schooner!
